

Product features

DALI control device with integrated power supply Setting the color temperature for luminaires with DALI device type 8 for tunable white according to IEC 62386-209 enables the common brightness control (broadcast) of up to 26 DALI participants without an additional DALI power supply Parallel connection of up to four DALI power potentiometers increases the maximum number of DALI participants to 104 Use of additional DALI power potentiometers as auxiliary units (without connecting the integrated power supply). Switching / dimming by pressing / turning the control knob Storage of basic brightness and switch-on brightness.

Technical specifications

Control	Power consumption	Protection class
DALI dt8	2 w	IP20

Ambient temperature	-5 ... + 45 ° C
Storage & transport temperature	-25 ... + 70 ° C
Nominal voltage	AC 230 V ~
Nominal frequency	50/60 Hz
Output current	max. 52 mA

Housing material	plastic
Protection class	IP20
Connection type	Screw terminals

Dimensions

Width (B)	Height (H)	Length (L)
70.7 mm	32 mm	70.7 mm
