Supply unit DC28V with 66W

PSB 28V 15W IP66

Product features

This power supply unit is suitable for the switchable operation of voltage-controlled LED modules. With an output voltage of 28 V, it is able to generate an output power of 15 W. By installing the power supply in a box suitable for outdoor use, it can be ideally installed in different application scenarios and meets the requirements for the IP66 degree of protection.

lifespan	>62,000h	
Ambient temperature	-25 +50°C	
Storage & transport temperature	-40 +80°C	
nominal voltage	AC 230 VRange: AC 90 - 264VDC 127-370V	
Nominal frequency	50/60 HzRange: 47 - 63Hz	
Weight	1.15kg	
Housing material	metal	
Protection class	I.	
Protection class	IP67	

Connection type	free end of line
connection type	nee end of fine
