

dl1 3015 wh 80 tw 11052025

Product features

This power downlight is known as a day / night light and is often used in shopping areas. The daytime environment is created by double the luminous flux. The adaptation of the natural light rhythm ensures greater well-being and extends the time spent in the shop. Further areas of application can be found in the lighting of industrial and production halls. With the help of the Tunable White color temperature control, motivation can be increased in windowless production areas and the health of employees can be supported.

Technical specifications

Protection class	
IP20	
lifespan	L80B10 60,000h @ 25 ° C
Ambient temperature	+5 ... + 35 ° C
Storage & transport temperature	-25 ... + 70 ° C
Weight	approx. 3.5 kg
Housing material	aluminum
Glow wire resistance	650 ° C
Protection class	III
Protection class	IP20
Impact resistance	IK06
Connection type	Molex connector, 4-pin
Color fidelity	SDCM3
