

Product features

This power downlight is known as a day / night light and is used in shopping areas. The daytime environment is created by double the luminous flux. The adaptation of the natural light rhythm ensures greater well-being and extends the time spent in the shop. Further areas of application are in the lighting of industrial and production halls. Tunable white in windowless production areas increases motivation and supports health.

Technical specifications

Protection class

IP20

lifespan	L80B10 60,000h @ 25 ° C
Ambient temperature	+5 ... + 35 ° C
Storage & transport temperature	-25 ... + 70 ° C
Weight	approx. 1.5 kg

Housing material	aluminum
Glow wire resistance	650 ° C
Protection class	III
Protection class	IP20
Impact resistance	IK06
Connection type	Molex connector, 4-pin
Color fidelity	SDCM3
Colour reproduction	typ. 85
Installation dimensions diameter [mm]	240
Installation dimensions height [mm]	200

Dimensions

Installation dimensions diameter	Installation dimensions height
240 mm	200 mm
