

os5 1x4 db703 940 wfl dw s 10052025

Product features

The OS5 outdoor spotlight is based on the new »Elements« lighting platform from InstaLighting. The minimalist design of the OS5 was specially developed for near-natural lighting concepts and tested in field trials.

Light in landscape planning focuses on the lighting effect, but it is best to banish the luminaire from the field of vision. Artificial light should create a natural appearance in landscape planning. This includes, for example, the correct direction of light. Light that shines from top to bottom creates characteristic shadow images similar to the sun or moon. Under trees we experience a natural dynamic play of light, shadow and wind. Near-natural lighting concepts also do justice to the subject of "light pollution", protect biodiversity and make the landscape tangible and impressively tangible at night.

Technical specifications

Protection class

IP67

lifespan	L80B10 60,000h @ 25 ° C	Housing material	Aluminum, toughened safety glass
Ambient temperature	-20 ... + 35 ° C	Protection class	III
Storage & transport temperature	-25 ... + 70 ° C	Protection class	IP67
nominal voltage	DC 28 V	Impact resistance	IK10 / IK08
		Connection type	free end of line

os5 1x4 db703 940 wfl dw s 10052025

Color fidelity	SDCM 3
Colour reproduction	typ. 92
